Career Objectives

To contribute to the growth of a dynamic company by utilizing my skills in web development and database management, while seeking opportunities to learn and adapt to new technologies in the field.

Work Experience

Senior Website Developer at Wecrescent (RKDF Group), Bhopal
(July 2026 – Currently working)

- Working as a Senior Website Developer under the RKDF Group, primarily on WordPress and PHP-based websites.
- Leading development, customization, and maintenance of WordPress and PHP web projects.
- Optimizing website performance, SEO, and responsiveness across projects.
- Collaborating with cross-functional teams to deliver scalable, high-quality web solutions.

Associate WordPress Developer at AISECT Group
(Aug 2025 – June 2026)

- Developed WordPress (Elementor) and Shopify websites with responsive UI.
- Integrated plugins/APIs and optimized performance & SEO.
- Worked on live client projects and handled updates & bug fixes.
- Used n8n and Zapier for basic workflow automation.

Website Developer at Namami Software Company
(July 2024 – Aug 2025)

- Developed and maintained responsive, user-friendly websites to enhance client digital presence.
- Collaborated with cross-functional teams to design, code, and deploy scalable web applications.
- Optimized websites for speed, performance, and SEO, ensuring high user engagement.
- Contributed to the development of dynamic web solutions using PHP (CodeIgniter), HTML, CSS, JS, and MySQL.

Freelance Junior WordPress Developer
Self-Employed | Part-time | Remote (July 2024 – Present)

- Customized and developed WordPress themes and plugins to meet client requirements.
- Designed and optimized responsive websites ensuring mobile-friendly and fast-loading pages.
- Managed website updates, security patches, and bug fixes to enhance performance.
- Integrated third-party APIs and plugins to add advanced functionalities.
- Collaborated with clients to understand project needs and deliver tailored solutions.

Web Developer Intern, Toflymedia Digital Agency
(January 2024 – June 2024)

- Designed and implemented responsive websites using HTML, CSS, JavaScript, and PHP.
- Collaborated with design and content teams to create cohesive and appealing web experiences.
- Debugged and resolved website issues to ensure smooth functionality.
- Gained experience in front-end and back-end development, focusing on user experience and performance.
